information about camp 7/2006

Short Summary

The topic of the project is "borders and bridges". This topic is going to be implemented with different media. Several work groups will take photos, write texts, make films, produce music and create a homepage. The meeting is going to be placed in an educational institution near Kassel mostly. On several days excursions to Kassel are going to happen. A city survey of Kassel, visits to various touristic and historical interesting places and to the open channel Kassel are planned. The homepage is going to be continued by the participants in the second meeting, which happens nearly simultaneously. The second group will enlarge the homepage with their views and ideas of Europe.

Topic

The participating teenagers are already working with media. The group from Kassel is interested in exchanging media experiences on European level and to work together. Also it was a general goal to enlarge their own knowledge and experience to other kinds of multimedia. That is why the title of the project "Youth Media Camp 2006" has been chosen.
